Assemble the box

Photo 1

- Fold and burnish the score lines on the card for the box. These are shown as dashed pencil lines in Photo 1
- cut along the red solid lines shown in Photo 1 (all the pieces marked with an X or diagonal lines are removed) Photo 2 overleaf shows how it should now look
- add your designer series paper to the 4 long panels (this is easier to do before you assemble the box)
- add your ribbon loop to the top of the box lid and cover it with the square piece of paper – see Photos 2 & 3 **NOTE: If your paper has a directional pattern you need to put the square paper on in the opposite direction to the 4 rectangles so it faces the right way when the box lid is closed.**
- Add glue to the side tab and adhere to the back of the first panel

Photo 2

- Fold and glue the tabs to form the base of the box – make sure you fold the front one last for a neat finish
- Stamp your sentiment on the tag provided, thread it with the silver trim
- Thread the silver trim through the ribbon loop and tie a knot. Cut off any excess trim and try to hide the knot in the loop – see Photo 4
